

## Join Citizens' Alliance for Property Rights, (CAPR) San Francisco Bay Area Chapter.

We provide a single coordinated voice dedicated to preserving and protecting property rights in the Bay Area. We are dedicated to:

- ⤴ Informing, educating and training citizens to raise awareness of local and regional property rights issues.
- ⤴ Advocating a unified voice to provide input to public policy formation processes at the local and regional level
- ⤴ Promoting legislation to preserve and protect property rights while opposing excessively burdensome legislation
- ⤴ Reducing regulatory cost of living to ensure that our children will not be forced to move elsewhere to afford their own home

Membership gets you counted when reporters or politicians holding hearings ask us how many voters we represent. Membership dues help our local chapter with expenses to keep operating. Join today to show your local chapter leaders they have your support while fighting your local issues. Send questions to [sfinfo@proprights.org](mailto:sfinfo@proprights.org)
